The Honorable Charles L. A. Terreni
Chief Clerk & Administrator
Public Service Commission of South Carolina
101 Executive Center Drive
Columbia, South Carolina 29210

Re: Public Service Commission Report on Termination of Electric and/or Gas Service for the 4th Quarter of 2005.

Dear Mr. Terreni:

Recently the Public Service Commission of South Carolina posted its report entitled "South Carolina Regulated Utilities Involuntary Service Disconnects 4th Quarter 2004 vs. 4th Quarter 2005" ("Report"). South Carolina Electric & Gas Company ("SCE&G" or the "Company") works diligently to answer requests from the Commission and to promptly fulfill all reporting requirements. Accordingly, when reviewing the Report, SCE&G was surprised to learn that the Commission had not received the Company's natural gas termination data.

On January 25, 2006, SCE&G sent the Commission the attached letter. In that letter the Company provided the requested information regarding involuntary terminations of its electric and gas customers' services. As SCE&G provides combined gas and electric service to many of its customers, allocating terminations to either gas or electric would be difficult. Instead, SCE&G produced one single number of terminations that included gas-only, electric-only and combined service customers – a total of 22,625 disconnects for the 4th quarter of 2005. Providing this information in one combined number appears to have been the source of some confusion.

Therefore, we would respectfully request the Commission amend its Report to reflect that SCE&G had 22,625 total involuntary disconnects for its gas and electric customers in the 4th quarter of 2005. In addition, we would also request the Report be amended to show that SCE&G complied with the Commission's request for data.

Should you have any questions, please do not hesitate to contact me. Thank you for your consideration in this matter.

With kind regards,

Patricia Banks Morrison
